

My parents took me to
Hunter Learning Solutions
and all I got was:
Better grades,
More friends,
Higher self-confidence,
Fewer homework struggles &
SMARTER!

Thanks, Mom & Dad.

Hello, and welcome to Hunter Learning Solutions where you won't find tutors. Instead, children work one-on-one with a Learning Skills Specialist to ensure the success of the training time spent with us.

Unlike traditional learning centers and schools whose charter focuses on the academic level of learning, the *Hunter Learning Experience* focuses on helping families learn the best ways to help their child. We assess and identify the causes of learning difficulties and then provide solutions for fixing those causes!

Our goal is to offer a plan which will fix the causes from the bottom up in order to ensure the shortest amount of time and smallest financial outlay to families. And, if we are not the right place for you and your family, we'll let you know.

Contact us today at www.HunterLearningSolutions.com/**Smarter** to request a FREE phone consultation regarding your child's struggles.
